Economics and Econometrics**
**Macroeconomics, Labor
economics and Demography**

GRADUATION PROFILE

The Master Program provides students with a research foundation enabling them to pursue a PhD degree and prepares them for highly-qualified positions in a wide range of jobs in the public and private sectors.

Upon finishing the Master, most students **pursue a PhD degree**. Their preferred and growing choice is to continue **their doctoral studies at CEMFI**. Some of our graduates alternatively choose to continue their studies at other institutions, taking advantage of the excellent reputation of our Master.

CEMFI also helps those graduates who take the Master as their final degree to **find jobs suited to their preferences in first-rate firms** and institutions seeking high profile economists. **Our placement office provides information on job vacancies** that are appropriate for our students and supports job seekers throughout their search process.

MASTER IN ECONOMICS AND FINANCE

Official University Degree: Postgraduate Program

Universidad Internacional Menéndez Pelayo (UIMP) and the **Centro de Estudios Monetarios y Financieros** (CEMFI) have an affiliation agreement whereby CEMFI offers a Graduate Program leading to the official degree of Master in Economics and Finance.

Taught by internationally-recognized scholars, the Master in Economics and Finance equips students with a solid foundation in Economics, state of the art quantitative tools, and frontier knowledge in the chosen fields of specialization. Students enjoy an active, cohesive and stimulating academic environment in which to lay the foundations for a productive career. A long trajectory of successful placements in the private and public sectors, as well as in top doctoral programs, endorses the added value of our program.

Location

Centro de Estudios Monetarios y Financieros (CEMFI).
C/Casado del Alisal, 5 28014, Madrid.

Duration

Two-year program. September – June (120 ECTS)

Objectives

- To acquire the quantitative tools and the research skills to work as economists in academia, business, finance, and government.
- To focus on applied economic policy issues with a strong emphasis on analytical and quantitative approaches which require knowledge of economic theory and econometric and computational techniques.

Admission profile

Degrees in Economics, Business Administration, Engineering, Mathematics, and Physics.

Structure

Preliminar Module.

Module I: Core Courses.

Module II: Elective Courses.

Module III: Introduction to Research.

Tuition Fees: www.uimp.es > posgrado > másteres universitarios

INTERNSHIPS

In the summer between the first and the second year, subject to attaining a minimal academic performance, students are offered a summer internship either as a research assistant in a faculty member's project or at a private or public institution.

There is the option of voluntary extracurricular placements during the training period without forming part of the syllabus.

GRANTS UIMP

CEMFI may grant Master students tuition waivers and/or scholarships for living expenses. All funding decisions are based on academic merit.
